

## PRESS RELEASE

### **iBAHN's Growth Continues with New Americas Headquarters Office in Denver, Colorado**

*Company Recently Finished Fifth Successive Year of Profitability*

Salt Lake City/Denver, Colorado (March 18, 2009) – iBAHN, a world leader in end-to-end digital entertainment and Internet solutions for the hospitality and meetings industries, announced the opening of its Americas headquarters office located at the Denver Technology Center.

“iBAHN is unique within its industry, as our business continues to grow in its financial stability, reliability and in its worldwide reach,” notes Gregory G. Hodges, president. “Our expanded Denver office will provide a base from which we will continue to build on our successes in North, South and Central America, with a focus on developing solutions that drive revenue for our hotel partners while better meeting guests’ expectations.”

As the company has grown, its Denver-based team has increased in size, and the new office will now be the headquarters for its Americas region. Currently based in Denver are its Americas sales, marketing and product management teams that will continue to focus on ground-breaking solutions for the company’s hotel partners. iBAHN’s worldwide corporate headquarters will remain in its current location in Salt Lake City, with regional offices in Reading and London, England; Stirling, Scotland; Sydney, Australia; Cairo, Egypt; and Hong Kong.

#### **About iBAHN**

The company is the only global provider of digital entertainment and Internet solutions for the hospitality and meeting industries. Monthly, more than 1.8 million travelers and meeting attendees rely on iBAHN to increase productivity with secure high-speed Internet access options in nearly 3,000 hotels, conference centers and meeting spaces in more than 30 countries worldwide. iBAHN’s digital entertainment and information services feature leading programming in Europe, Asia, Australia and India. Operating one of the largest MPLS networks in the industry, the company provides technology solutions to more than 50,000 events annually, ranging from small group meetings to major industry conferences, while serving more than a third of Fortune 100 corporations.
